

## Pupils' Worksheet C2

### How Does Our School Use Water?

Name: \_\_\_\_\_

Class: \_\_\_\_\_

Activities: In groups of 5

- Walk around the school grounds and mark on a plan all signs of water movement, e.g. drainpipes and gutters.
- Find out from the premises officer, where water enters and leaves the school, and what a stopcock is.
- Work out how you would transport water from another tap in the school grounds to your classroom if your nearest tap wasn't working.
- Find out how water is taken to farmland in England (irrigation).
- Find out how water is taken to farmland in India.
