

Pupils' Worksheet F3

How Much Paper Do We Use?

Where Does Paper Come From?

One tonne of paper that you use is made from 17 trees....

If you managed to recycle all the paper that you use then it would mean that you would save all of those 17 trees and hopefully many many more.

1. Types of Paper?

It would be a really good idea to start to look at how much paper you use in school. First of all, try to remember all the different types of paper that you do use in school. Think about all your different lessons and ways you might use paper. Try to think of 5 different types of paper.

5 Different Types of Paper;

1. _____
2. _____
3. _____
4. _____
5. _____
