

Pupils' Worksheet G2

Environmental Emergency Poster

There are many environmental issues, which everyone in school needs to know about, such as who to talk to if chemicals spill, or who to talk to if they have any ideas to make the school environment better.

Design a poster to tell people who to contact in an environmental emergency, and all about the EMAS club in school.

This could include pictures of the members, with reasons for wanting to join the club, or pictures of good teachers to talk to about environmental things.

Something to think about;
A good poster has...

COLOUR

NOT TOO BUSY

EYE CATCHING

USEFUL WORDS

A STRONG MESSAGE

WELL PLANNED LAYOUT
