

Pupils' Worksheet 12

Activity 3:

Use the Internet and books to decide which types of plants you would like to grow in school. Different plants will grow better in different places, so you will need to think carefully about which plants will grow best in school.

Then write a letter to your class teacher describing what your favourite type of food plant would be to grow.

Remember to try to include:

- Types of food plant.
- Where you would plant them (you could include your plan of the school grounds to show this).
- What makes them suitable for growing in school.
- What you could do with them, after they have grown.
- How would you need to look after them.
